No insolvency proceedings against the Issuer are required to be opened in relation to the obligations of the Issuer under the Capital Investment Bonds. The Capital Investment Bonds do not contribute to a determination that the liabilities of the Issuer exceed its assets; therefore the obligations of the Issuer under the Capital Investment Bonds, if any, will not contribute to the determination of insolvency of the Issuer in accordance with Maltese Companies Act.

5. Interest

The Capital Investment Bonds shall be interest bearing. The application of Condition 5(1) (*Interest—Float Rate*) shall be subject to Condition 5(2) (*Interest Cancellation*).

(1) **Interest — Float Rate**

The Capital Investment Bonds shall bear interest on its Outstanding Nominal Value from and including their Issue Date (as specified in the Final Terms) to, but excluding, the date of any final redemption at the rate or rates *per annum* specified in the Final Terms. Such interest will be payable in arrear on each Interest Payment Date as is specified in the Final Terms and on the date of any final redemption.

The determination by the Issuer of all rates of interest and amounts of interest for the purposes of this Condition 5 shall, in the absence of manifest error, be final and binding on all parties.

(2) **Interest Cancellation**

The application of Condition 5(1) (*Interest—Fixed Rate*) shall be subject to this Condition 5(2).

(a) *Interest Payments Discretionary*

Interest on the Capital Investment Bonds will be due and payable only at the sole discretion of the Issuer, and the Issuer shall have sole and absolute discretion at all times and for any reason to cancel (in whole or in part) any interest payment that would otherwise be payable on any Interest Payment Date. If the Issuer does not make an interest payment on the relevant Interest Payment Date (or if the Issuer elects to make a payment of a portion, but not all, of such interest payment), such non-payment shall evidence the Issuer's exercise of its discretion to cancel such interest payment (or the portion of such interest payment not paid), and accordingly such interest payment (or the portion thereof not paid) shall not be due and payable. Interest payments may be cancelled for an unlimited period.

If the Issuer provides notice to cancel a portion, but not all, of an interest payment and the Issuer subsequently does not make a payment of the remaining portion of such interest payment on the relevant Interest Payment Date, such non-payment shall evidence the Issuer's exercise of its discretion to cancel such remaining portion of the interest payment, and accordingly such remaining portion of the interest payment shall also not be due and payable.

(b) *Restriction on Interest Payments*

(i) Subject to the extent permitted in paragraph 5(2)(b)(ii) below, the Issuer shall not make an interest payment on the Capital Investment Bonds on any Interest Payment Date (and such interest payment shall therefore be deemed to have been cancelled and thus shall not be due and payable on such Interest Payment Date):

(a) if the amount of such interest payment otherwise due, when aggregated together with any further Relevant Distributions and other distributions of the kind referred to in the Maltese Banking Act (implementing article 141(2) of the CRD IV Directive), plus any write-ups, where applicable, exceed (in aggregate) the amount of the Maximum Distributable Amount (whereas under the Applicable Banking Regulations the maximum Distributable Amount shall be calculated if the Issuer does not meet its combined capital buffer requirements); or

(b) such interest payment would cause, when aggregated together with other Relevant Distributions and any potential write-ups, the Distributable Items of the Issuer (as at such Interest Payment Date) to be exceeded; or

(c) the Competent Authority orders the Issuer to cancel the interest payment on the Capital Investment Bonds (in whole or in part) scheduled to be paid; or

(d) if and to the extent that such payment would cause a breach of any other regulatory restriction or prohibition on payments on Additional Tier 1 Capital instruments pursuant to Applicable Banking Regulations.

(ii) The Issuer may, in its sole discretion, elect to make a partial interest payment on the Capital Investment Bonds on any Interest Payment Date, only to the extent that such partial interest payment may be made without breaching the restriction set out in paragraph 5(2)(b)(i) above.

(c) *Effect of Interest Cancellation*

Interest will only be due and payable on an Interest Payment Date to the extent it is not cancelled in accordance with Condition 5(2)(a) and Condition 5(2)(b). Any interest cancelled (in each case, in whole or in part) in such circumstances shall be cancelled indefinitely and shall not accumulate or be payable at any time thereafter. For avoidance of doubt, any accrued but unpaid interest from the Trigger Event up to the Write-Down Effective Date shall also be automatically cancelled even if no notice has been given to that effect. Any interest payment (or part thereof) so cancelled shall not constitute an event of default, and Holders shall have no rights thereto or to receive any additional interest or compensation as a result of such cancellation or deemed cancellation, including in the case of liquidation or bankruptcy of the Issuer.

The Issuer may use such cancelled payments without restriction to meet its obligations as they fall due.

(d) *Notice of Interest Cancellation*

If practicable, the Issuer shall provide notice of any cancellation of interest (in whole or in part) to the Holders on or prior to the relevant Interest Payment Date. If practicable, the Issuer shall endeavor to provide such notice at least five (5) Business Days prior to the relevant Interest Payment Date. Failure to provide such notice will not have any impact on the effectiveness of, or otherwise invalidate, any such cancellation or deemed cancellation of interest, or give Holders any rights as a result of such failure.

6. **Redemption and Purchase**

(a) **No fixed redemption date**

The Capital Investment Bonds shall be perpetual and shall have no final maturity.

The Capital Investment Bonds are securities that are not redeemable at the option of the Holders and have no fixed redemption date, and the Issuer shall have the right to call, redeem, repay or repurchase them only in accordance with (and subject to) the conditions set out in Articles 77 and 78 of the CRR being met and not before five years from issuance, except where the conditions set out in Article 78(4) of the CRR are met or, in the case of repurchases for market making purposes, where the conditions set out in Article 29 of the CDR are met and particularly with respect to the predetermined amount defined by the Competent Authority as per Article 29(3)(b) of the CDR (see conditions for Early Redemption as a result of a Tax Event, Early Redemption as a result of a Capital Event and Optional Early Redemption (Call)). - (iv) in the case of redemption before five years after the issue date of the Capital Investment Bonds if:
 - (a) the conditions listed in paragraphs (i) or (ii) above are met; and
 - (b) in the case of redemption due to the occurrence of a Capital Event, (i) the Competent Authority considers such change to be sufficiently certain and (ii) the Issuer demonstrates to the satisfaction of the Competent Authority that the Capital Event was not reasonably foreseeable at the time of the issuance of the Capital Investment Bonds; or
 - (c) in the case of redemption due to the occurrence of a Tax Event, the Issuer demonstrates to the satisfaction of the Competent Authority that such Tax Event is material and was not reasonably foreseeable at the time of issuance of the Capital Investment Bonds,
(the “**Conditions to Redemption**”).

The Issuer shall not give a notice of redemption if a Trigger Event has occurred. Should it occur that the Competent Authority decides that the Capital Investment Bonds issued under these Conditions cannot be classified as Additional Tier 1 Capital instruments from the beginning (and not due to the occurrence of a Capital Event) and such position cause the Issuer to wish to call such notes, the Conditions to Redemption shall not be applicable and the Capital Investment Bond shall be immediately redeemable in accordance with Condition 6(d) (*Optional Early Redemption (Call)*).

(f) Trigger Event Post Redemption Notice

If the Issuer has elected to redeem the Capital Investment Bonds but prior to the payment of the redemption amount with respect to such redemption, a Trigger Event occurs, the relevant redemption notice shall be automatically rescinded and shall be of no force and effect, no payment of the redemption amount will be due and payable and Write-Down shall occur in accordance with Condition 7 (*Loss Absorption Mechanism*).

(g) Cancellation of Redeemed and Purchased Capital Investment Bonds

All Capital Investment Bonds redeemed or purchased in accordance with this Condition 6 will be cancelled (i.e. deleted from the Register, based on the Issuer’s application, if applicable) and may not be reissued or resold. References in this Condition 6(g) to the purchase of the Capital Investment Bonds by the Issuer shall not include the purchase of Additional Tier 1 Temporary Write-Down otherwise than as a beneficial owner.

7. Loss Absorption Mechanism – Conversion and/or Write down

Conversion upon a Trigger Event

This means the conversion of the Capital Investment Bonds into instruments eligible as CET1 Capital, such as common shares, and 'convert' and 'converted' shall be construed accordingly. 'Conversion Date' means the date on which the CET1 instruments are to be delivered, as specified as such in the Trigger Event Notice, being without delay but in any event not later than one month (or a shorter period as the Competent Authority may then require) from the occurrence of the relevant Trigger Event.

The conversion price will be determined on a case-by-case basis by the issuer, the minimum requirement being a rate of conversion at which the instrument will convert into instruments qualifying as CET1 Capital. The number of common shares which the Noteholders will be entitled to receive if the conversion occurs will be the result of dividing the nominal value of the Capital Investment Bonds held by the Issuer at the time of conversion by the nominal value of the Bank's shares at the time of conversion (the "Conversion Price").

The minimum conversion amount shall be equal to the amount (together with the write down on a pro rata basis of the other Capital Investment Bonds and any utilization and conversion or utilization and write down (to the extent possible) of other Loss Absorbing Instruments to be written down or converted concurrently (or substantially concurrently)) that would be sufficient to restore the CET1 Ratio of the Bank to at least the Trigger Level.

The Issuer shall immediately inform the Competent Authority of the occurrence of the Trigger Event and notify in an irrevocable manner, the holders of the Capital Investment Bonds that the Trigger Event has occurred.

The Issuer shall without delay irrevocably and mandatorily convert the Capital Investment Bonds into common shares in whole on the Conversion Date, at which point all of the Issuer's obligations under the converted Notes shall be irrevocably discharged and satisfied by the Issuer's issuance and delivery of the common shares on the Conversion Date. The Issuer undertakes to ensure that its authorised share capital is, at all times, sufficient for converting the Capital Investment Bonds into common shares if a trigger event occurs. All necessary authorisations are to be obtained at the date of issuance of the Capital Investment Bonds.

Accordingly, upon the occurrence of a Trigger Event, any amount of the Capital Investment Bonds that would have been converted will automatically be written down to zero, each Note will be cancelled, and all accrued but unpaid distributions and any other amounts payable on each Note will be cancelled.

At the Trigger event, the Issuer shall redeem the Capital Investment Bonds at a price equal to the Conversion Price and the holders of the Capital Investment Bonds shall be deemed irrevocably to have directed and authorised the Issuer to apply such sum on their behalf in paying the relevant CET1 instruments to be issued on conversion of their Notes. Any conversion of the Capital Investment Bonds shall not constitute an event of default or a breach of the Issuer's obligations or duties or a failure to perform by the Issuer in any manner whatsoever, and shall not entitle holders to petition for the insolvency or dissolution of the issuer.

The Issuer undertakes to maintain, at all times, the necessary prior authorisation to issue the common shares or CET1 instruments into which the Capital Investment Bonds would convert upon occurrence of a Trigger Event. **If, for any reason, it is not possible to convert all or part of the instrument into CET1 instruments at the time of the Trigger Event, the Capital Investment Bonds (all or in part) shall not be subject to Conversion but, instead, shall be written down in accordance with the following clauses.**

(a) Write Down

(i) Write Down Upon Trigger Event where conversion is not possible

If a Trigger Event has occurred at any time, the Issuer shall write down the Outstanding Nominal Value of each Capital Investment Bond (in whole or in part, as applicable) by writing down such Outstanding Nominal Value (in whole or in part, as applicable) on the Write Down Effective Date in accordance with the Write Down Procedure. The Write Down shall occur without delay (and within one month or such shorter period as the Competent Authority may require at the latest) upon the occurrence of a Trigger Event.

Upon the occurrence of a Trigger Event, the Issuer shall immediately inform the Competent Authority and shall deliver to the Holders notice in accordance with Condition 12 specifying (i) that a Trigger Event has occurred and (ii) the Write Down Effective Date or expected Write Down Effective Date. Failure to provide such notice will not have any impact on the effectiveness of, or otherwise invalidate, any such Write Down, or give Holders any rights as a result of such failure.

Other than as provided below in Condition 7(b) (*Reinstatement*), following a Write Down, no Holder will have any rights against the Issuer with respect to the repayment of any principal amount to the extent so written down or the payment of interest on any principal amount that has been so written down or any other amount on or in respect of any principal amount that has been so written down. Furthermore, any interest on any principal amount that is to be written down on the relevant Write Down Effective Date, in respect of an interest period ending on any Interest Payment Date falling between the date of a Trigger Event and the Write Down Effective Date shall also be deemed to have been cancelled upon the occurrence of such Trigger Event and shall not be due and payable.

A Trigger Event may occur on more than one occasion and the Outstanding Principal Amount of each Capital Investment Bond may be written down on more than one occasion provided that the Outstanding Principal Amount of a Capital Investment Bond may never be reduced to below one euro cent.

Any Write Down of a Capital Investment Bond shall not constitute an event of default or a breach of the Issuer's obligations or duties or a failure to perform by the Issuer in any manner whatsoever and shall not, of itself, entitle Holders to petition for the insolvency of the Issuer or otherwise.

(ii) Write Down Procedure

Write Down Notice

If a Trigger Event has occurred at any time, the Issuer shall deliver a Write Down Notice to the Holders, as soon as reasonably practicable, and in any event not more than five (5) Business Days after such determination.

The Write Down Notice shall be sufficient evidence of the occurrence of such Trigger Event and will be conclusive and binding on the Holders.

Write Down

(A) On the Write Down Effective Date, the Issuer shall write down the Outstanding Nominal Value of each Capital Investment Bond in a sum equivalent to the relevant Write Down Amount of each Capital Investment Bond. The Issuer shall organise and procure the registration of such reduction of the Outstanding Nominal Value of the Capital Investment Bonds in the Register.

(B) Notwithstanding that certain Loss Absorbing Instruments may be utilized and converted or utilized and written down in full (on a temporary or permanent basis in accordance with their terms), the Issuer will first to the extent possible procure that the outstanding principal amount of each security forming part of any series of Loss Absorbing Instruments to be converted or written down (as the case may be) concurrently (or substantially concurrently) is, or has been, utilized and converted or utilized and written down (in accordance with its terms) on a pro rata basis with the Outstanding Nominal Value of each Capital Investment Bond. Simultaneously with the delivery of the Write Down Notice to the Holders, or as soon as possible thereafter, the Issuer

shall procure that a similar notice is, or has been, given in respect of any such Loss Absorbing Instruments (in accordance with their terms).

(b) Reinstatement applicable in case of Write Down

(i) Reinstatement after Write Down

If a positive Net Profit of the Issuer's Group is recorded at any time while the Outstanding Nominal Value of the Capital Investment Bonds is less than the Original Nominal Value of the Capital Investment Bonds, the Issuer may, at its sole and absolute discretion, reinstate and write up the Outstanding Nominal Value of the Capital Investment Bonds in whole or in part in accordance with the Reinstatement Procedure (a "**Reinstatement**").

A Reinstatement may occur on more than one occasion provided that the Outstanding Nominal Value of a Capital Investment Bond may never exceed its Original Nominal Value.

No Reinstatement may take place if (i) a Trigger Event has occurred in respect of which the Write Down has not occurred, (ii) a Trigger Event has occurred in respect of which Write Down has occurred but the CET1 Ratios of the Issuer's Group have not been restored to, or above, the Trigger Level or (iii) the Reinstatement (either alone or together with all simultaneous reinstatements of other Written Down Additional Tier 1 Capital Instruments) would cause a Trigger Event to occur.

(ii) Reinstatement Procedure

Reinstatement Notice

If the Issuer exercises such discretion to effect a Reinstatement it shall give notice thereof to Holders specifying the Reinstatement Amount and the Reinstatement Effective Date (the "**Reinstatement Notice**").

Reinstatement Amount

Reinstatements must be made on a *pro rata* basis with any other Written Down Additional Tier 1 Instruments (based on the then prevailing outstanding nominal value thereof).

The Reinstatement Amount shall be set by the Issuer at its discretion, save that it shall, when aggregated together with the reinstatement of the outstanding nominal value of temporarily written down Written Down Additional Tier 1 Instruments and distributions of the kind referred to in Article 141(2) of the CRD IV Directive, be limited to the extent necessary to ensure the Maximum Distributable Amount is not exceeded thereby and provided that the sum of:

- (i) the aggregate amount of the relevant reinstatement on all the Capital Investment Bond (out of the same Net Profit of the Issuer's Group);
- (ii) the aggregate amount of any payments of interest in respect of the Capital Investment Bonds that were paid on the basis of an Outstanding Principal Amount lower than the Original Principal Amount at any time after the Reference Date;
- (iii) the aggregate amount of the relevant reinstatement on Written Down Additional Tier 1 Instruments at the time of the relevant Reinstatement (out of the same Relevant Profits); and
- (iv) the aggregate amount of any payments of interest or distributions in respect of each Written Down Additional Tier 1 Instruments that were paid on the basis of a prevailing principal amount that is lower than the principal amount it was issued with at any time after the Reference Date,

does not exceed the Maximum Reinstatement Amount.

Effecting the Reinstatement

On the Reinstatement Effective Date and subject to the prior consent of the Competent Authority (to the extent such consent is required by the Applicable Banking Regulations), the Issuer shall

cause the Outstanding Nominal Value of each Capital Investment Bond to be reinstated and written up by an amount equal to the relevant Reinstatement Amount on a pro rata basis with each Capital Investment Bond. The Issuer shall organise and procure the registration of such increase of the Outstanding Nominal Value of the Capital Investment Bonds in the Register.

8. Taxation

- (a) Should any amounts payable in cash or in kind (whether in respect of principal, redemption amount, interest or otherwise) in respect of the Capital Investment Bonds be subject to withholding or deduction of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of the Republic of Malta or any political subdivision thereof or any authority or agency therein or thereof having power to tax, the Issuer shall be entitled to withhold or deduct the respective taxes or duties. For the avoidance of doubt, any such withholdings or deductions shall be made by the Issuer on the account of the Noteholder with the Issuer having no obligation to compensate the withheld or deducted tax amounts to the Noteholder.
- (b) Should an applicable treaty for the avoidance of double taxation set forth lower withholding rates than those otherwise applicable to the interest payment under Maltese domestic law, the respective Noteholder shall be requested to provide the documents necessary for application of the respective treaty (including, but not limited to, residence certificate issued or attested by the tax authority of the residence state of the Noteholder) at least 15 (fifteen) days prior to the payment. If such documents are not presented to the Issuer, the Issuer shall be entitled to withhold tax at the rates set forth by the Maltese domestic legislation.
- (c) Any reference in these Terms to interest in respect of the Capital Investment Bonds shall be deemed also to refer to any additional amounts which may be payable under this Condition 8 or any undertaking given in addition thereto or in substitution therefor. For the avoidance of doubt, no additional amounts shall be payable by the Issuer in respect of payments of principal under the Capital Investment Bonds.
- (d) If, due to any such interpretation by the tax authorities in the Taxing Jurisdiction or any amendment to, or clarification of, or change in, the laws or treaties (or any regulations thereunder) of the Taxing Jurisdiction affecting taxation; any governmental action in the Taxing Jurisdiction affecting taxation; or any amendment to, clarification of, or change in, the official position or the interpretation of such law, treaty (or regulations thereunder) or governmental action or any decision or pronouncement that provides for a position with respect to such law, treaty (or regulations thereunder) or governmental action that differs from the theretofore generally accepted position, in each case, by any legislative body, court, governmental authority or regulatory body in the Taxing Jurisdiction, irrespective of the manner in which such amendment, change, action, pronouncement, interpretation or decision is made known, the payment of interest under the Capital Investment Bonds is qualified as a payment of dividends and the obligation of the Issuer to pay corporate income tax in its own name and on its own account (i.e. not as withholding taxes attributable to the Holders) on the payment of interest (qualified as distribution of dividends) under the Capital Investment Bonds, the Noteholders will bear the tax burden of such payments and the Issuer shall make deductions from the sums payable to the Noteholders to cover the cost of such dividend taxes with the Issuer having no obligation to compensate the withheld or deducted tax amounts to the Noteholder. For avoidance of doubt, should payment of interest (qualified as distribution of dividends) be also subject to withholding or deduction of any tax or duty in Malta, in addition to the corporate income tax payable by the Issuer (e.g. in the event of regularly paid dividends, which on the date of these Conditions are taxable with the 14%⁴ corporate income tax at the level of the Issuer and the 7%⁵ withholding tax at the level of the

individual Holder), the Issuer shall also be entitled to withhold or deduct the respective taxes or duties on the account of the Noteholder as described under Condition 8(a) above. For avoidance of doubt, this does not preclude the Issuer's right to exercise Early Redemption of the Capital Investment Bonds as a result of a Tax Event under Condition 6(b).

9. **Payments**

Payment of amounts (whether principal, interest or otherwise, including on the final redemption) due in respect of the Capital Investment Bonds will be paid to the Holders thereof as appearing in the Register as of close of business of the Register on the fifth Business Day immediately preceding the due date for such payment (the "**Record Date**"). Payment of amounts due on the final redemption of Capital Investment Bonds will be made simultaneously with deletion of the Capital Investment Bonds, or, if so required by the Issuer, against delivery of the Capital Investment Bonds to the Issuer. If the due date for payment of the final redemption amount of Capital Investment Bonds is not a Business Day, the Holder thereof will not be entitled to payment thereof until the next following such Business Day and no further payment shall be due in respect of such delay save in the event that there is a subsequent failure to pay in accordance with these Conditions.

10. **Limitation period**

The limitation period of claims against the Issuer in respect of the Capital Investment Bonds is 3 years from the due date for payment.

11. **Meetings of Holders**

Circumstances may arise that call for convening meetings of the Holders of Capital Investment Bonds by the Issuer to consider the modification or waiver of the Conditions, whereas any modification of these Conditions may only be made as proposed by the Issuer. Any modification or waiver of the Conditions which affects Capital Investment Bonds will be effected in accordance with Applicable Banking Regulations.

Modifications of and amendments to the Conditions of Capital Investment Bonds (including the Trigger Level) may be effected by the Issuer, and future compliance with any Conditions of the Capital Investment Bonds by the Issuer may be waived, with the prior consent of Holders of the Capital Investment Bonds representing not less than three-fourths of the Outstanding Nominal Value of Capital Investment Bonds (excluding any Capital Investment Bonds held by the Issuer or its Subsidiaries) or, in the case of a written consent without a meeting, the consent of persons holding or representing not less than three-fourths in Outstanding Nominal Value of the Capital Investment Bonds (excluding any Capital Investment Bonds held by the Issuer or its Subsidiaries).

Any modification shall be binding on the Noteholders and, any modification shall be notified by the Issuer to the Noteholders as soon as practicable thereafter.

12. **Notices**

(a) To Holders of the Capital Investment Bonds

Notices to Holders will be deemed to be validly given if sent by registered mail or e-mail to them at their respective addresses as recorded in the Register and will be deemed to have been validly given on the fourth Business Day after the date of sending the notice by registered mail and on the next Business Day after sending the notice by e-mail.

(b) To the Issuer

Notices to the Issuer will be deemed to be validly given if delivered to the Issuer at FCM Bank

Limited or by e-mail to jcermak@fcmbank.com.mt (or at such other contact details as may have been notified to the Noteholders in accordance with this Condition (a) or via the Issuer's website) and will be deemed to have been validly given at the opening of business on the next day on which the Issuer's principal office is open for business.

13. Further Issues

The Issuer may from time to time without the consent of the Holders of the Capital Investment Bonds create and issue further Capital Investment Bonds and other debt securities having terms and conditions the same as those of the Capital Investment Bonds or the same except for the amount of the Issue Date and Issue Price, which may be consolidated and form a single issue with and bear the same ISIN code as the outstanding Capital Investment Bonds.

14. Law and Jurisdiction

- (a)** The Capital Investment Bonds and all non-contractual obligations arising out of or in connection with any of them are governed by Maltese law.
- (b)** The courts of Malta shall have jurisdiction to hear and determine any suit, action or proceedings, and to settle any disputes, which may arise out of or in connection with the Capital Investment Bonds (including a dispute relating to any noncontractual obligation arising out of or in connection with the Capital Investment Bonds).

15. Acknowledgement of Bail-in Powers

Notwithstanding and to the exclusion of any other term of the Capital Investment Bonds or any other agreements, arrangements or understanding between the Issuer and any Noteholder (which, for the purposes of this Condition 15, includes each holder of a beneficial interest in the Capital Investment Bonds), by its acquisition of the Capital Investment Bonds, each Noteholder acknowledges and accepts that any liability arising under the Capital Investment Bonds may be subject to the exercise of Bail-in Powers by the Relevant Resolution Authority and acknowledges, accepts, consents to and agrees to be bound by:

- (a)** the effect of the exercise of any Bail-in Powers by the Relevant Resolution Authority, which exercise (without limitation) may include and result in any of the following, or a combination thereof:

 - (ii) the conversion of all, or a portion, of the Relevant Amounts in respect of the Capital Investment Bonds into shares, other securities or other obligations of the Issuer or another person, and the issue to or conferral on the Noteholder of such shares, securities or obligations, including by means of an amendment, modification or variation of the terms of the Capital Investment Bonds ;
 - (iii) the cancellation of the Capital Investment Bonds or the Relevant Amounts in respect of the Capital Investment Bonds ;
 - (iv) the amendment or alteration of the amount of interest payable on the Capital Investment Bonds, or the date on which interest becomes payable, including by suspending payment for a temporary period; and
- (b)** the variation of the terms of the Capital Investment Bonds, as deemed necessary by the Relevant Resolution Authority, to give effect to the exercise of any Bail-in Powers by the Relevant Resolution Authority.
